Allowable Subject Matter

1. Claims 1-2, 5-7, 13, 16, 18-19, & 21-22 are allowed. The following is an Examiner's statement of reasons for allowance:

Claims 1-2, 5-7, 13, 16, 18-19, & 21-22 are considered allowable since when reading the claims in light of the specification, none of the references of record alone or in combination disclose or suggest the combination of limitations specified in the independent claims including

“the sender further comprising a store for storing expected receive time which is based on the delay; an acknowledgement relationship establisher that establishes a relationship between the time reference and the expected receive time for an outgoing packet; an acknowledgement resolver that determines whether an acknowledgement received corresponds to the outgoing packet utilizing the expected receive time for an outgoing packet; a retry determiner that determine whether the outgoing packet should be retransmitted based at least on part, on the determination made by the acknowledgement resolver” as claimed in claim 1.

“A memory location for storing an expectation time value representing the time an acknowledgment is expected to be received by the sender based on the delay”, as specified in claim 13.

“selectively retransmitting the packet based , at least in part, on the determination of whether an acknowledgment to the packet is received” as claimed in claim 16.

“sending a packet to the sender from the receiver; storing a time value indicative of an expected time that the packet is to be received by the sender by compensating for a ranging offset associated with a transmission delay between the receiver and sender; extracting an acknowledgement time from an acknowledgement from the sender; and determining if an acknowledgement received form the sender corresponds to the packet sent by the receiver utilizing the expected time that the packet is to be received by the sender and the acknowledgement time extracted from an acknowledgement from the sender” as claimed in claim 19.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
